JELLO AND BAKED APPLES
Bake six medium-sized or small apples with cores filled with brown sugar and chopped nuts. When cold arrange the apples in a pan and cover them with Raspberry Jell-O (one package dissolved in a pint of boiling water). After the Jell-O has set, cut into squares, using a knife dipped in hot water, and pour the whipped cream. Or place each apple in a cup and pour the Jell-O over.
